How to Share the Road with Motorcycles: 10 Vital Tips for Every Driver

- 1) Always check your blind spots
- 2) Be extra cautious when passing
- 3) Remember that motorcycles react more quickly than cars
- 4) Weather Warning: bad weather effects motorcycle riders more
- 5) Night-riding can be treacherous for motorcyclists
- 6) Stay in your lane
- 7) Inform motorcyclists of your intention to turn
- 8) Intersections are danger zones
- 9) Watch for turning motorcycles
- 10) Take a second look at left-turns

According too the National Highway Traffic Safety Administration, more than 4,956 motorcyclists were killed in 2015. While some of these accidents were single vehicle accidents, many involved automobiles.

As drivers, we have the responsibility to share the road and to take measures to increase the safety of the motorcycle riders we encounter along the way. Excerpt: drivingtests.org
