FEBRUARY 2022

HAVE YOU HEARD

New York State Thruway Service Areas are being rebuilt.

The NYS Thruway Authority and the private investment group Empire State Thruway Partners will be enhancing your travel experience.

Together the project will include the rebuilding of 23 of the 27 service areas, with phase one starting in July 2021, and the rebuilding and renovation of the remaining areas starting in January 2023. The entire project is funded through a public-private partnership.

To continue continuity of services during construction, no two consecutive service areas in the same direction will be closed at the same time. Fuel services will remain available at all service areas throughout the rebuilding, restrooms and amenities will not.

The new service areas will include exterior seating, picnic areas, play areas and pet walking areas. There will be access to Taste NY farm markets, enhanced call-ahead ordering for food services, kiosks and drive-thru service at most locations.

Some environmentally friendly features will include rooftop solar arrays, rainwater harvesting for irrigation free landscaping and passenger vehicle electric charging programs.

For more information and a list of the service area rebuilding timeline check out
